2019 welcomes a range of new features that will delight the whole tribe.

Hit the heights for maximum sensations.

As of this summer it is possible to go from the Col de la Faucille to the heart of the village of Mijoux on a zip wire. It is THE hot new feature of the Monts Jura resort; a zip wire spanning almost one kilometre with sections that reach 90km/h. Thrills are guaranteed, with the bonus of an incredible view over the Valserine Valley. For even more of an adrenaline hit, you can tackle this descent in pairs.
